Make £25 for every sign you see !!

Tens of thousands of homes are for sale, and **every one could mean £25 for you!** If you can find around 20 new 'For Sale' signs each week, you can earn £500 per week!

Once you get the manual, it will take you a couple of weeks to make the preparations needed to get started. Your only costs will be for a small amount of printing and postage stamps.

Each week, make a note of all the houses that are for sale that you have not previously noted. When you get home, simply send a specially prepared letter to each of these addresses, and then wait for your money to come back. This is all you need to do. It is so simple it's beyond belief – however, it really does work! You won't need to meet the people you mail to, or even speak to them on the telephone, if you don't want to. All you do is find the addresses, mail a letter and wait!

This is the easiest business to get into, and is perhaps the most profitable. Find out for yourself.
